

The American Academy Learning Center

Vision and Mission

Our mission is to serve our youth and the community through quality daycare, after-school programs, summer camps, walkathons and sports programs, focusing on disadvantaged elementary and middle school students. Our youth development programs are designed to promote students' health, well-being and success in school, relationships and life.

After-School Program

We conduct daily activities in a dedicated facility that build confidence, such as academic tutoring, goal setting and basic life planning skills. We are always actively marketing and targeting the disadvantaged, high-risk youth from Lake Worth, who want to excel academically, but don't always have family or other social support to do be able to achieve their goals.

apply for a sliding scale when
applicable**

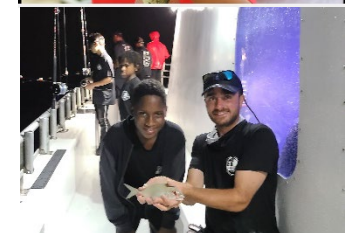

Summer Camp Program

Our summer camp program is affordable to parents and provides them the ability to let their children, ages 5 to 13, enjoy a fun-filled camp that will provide a safe and healthy environment for our campers. Our camp will also provide certified teachers to care and provide an enriched learning experience in a fun and interactive way. Campers will be exposed to different field trips where they will learn and have fun! We will give our campers the opportunity to grow through our program. This program will be an experience our campers will cherish for years to come.

Reel Mentors Events

We deliver successful Enrichment Programs within the schools in Palm Beach County, which focuses directly on the needs of Elementary, Middle & High School students. We teach and improve the fundamentals of basketball and other sports to our youth and help them excel their skills to the next level. We help build strength, ability, skills, motivation, and, most importantly, build confidence.

The American Academy Learning Center

The American Academy is a 501(c) (3) Non-Profit Organization that serves the youth and the community. It provides a safe and caring daycare, after-school program, summer camp, walkathons and sports programs, all within Palm Beach County; focusing directly on elementary and middle school students. These youth-development programs allow the American Academy Learning Center to build on and promote students throughout the community to become successful in all areas in their lives, one step at a time.

Our vision is to provide safe, healthy and fun filled programs for our youth. Our program strives to provide caring staff, stimulating environment, great activities and a place to have fun. In doing so, we will give our kids the opportunity to grow through our programs, physically, mentally, and socially, all while creating memorable life experiences.

Cost - \$30/hour**

Daycare (coming soon)

We combine playing with rich learning experiences which helps build self-confidence, social skills, and academic readiness in a loving, nurturing and caring space for children at 6 weeks and up.

We are dedicated to meeting the needs and understanding the interests of each individual child, and to provide them with educational and developmental opportunities to help prepare them for success, both academically and in life.
